

LIST OF CLAIMS / AMENDMENTS

This listing of claims will replace all prior versions, and listings, of the claims:

5 1-6. (canceled)

7. (currently amended) A printing device, comprising:
a replaceable component;
a detector configured to detect when the replaceable component is
10 installed in the printing device;
an interrogator configured to read and identify a brand identifier stored
in a component memory integrated with the replaceable component, the brand
identifier uniquely identifying a brand of the replaceable component installed
in the printing device; and
15 a program module configured to access a restricted Web site that is
restricted to devices that include replaceable components of a particular brand,
the program module being further configured to access the restricted Web site
if the brand of the replaceable component installed in the printing device is
identified as being of the particular brand.

20

8. (previously presented) The printing device as recited in
claim 7, wherein the program module is a dedicated Web browser that can only
access the restricted Web site; and further comprising a general Web browser
that is configured to provide access to one or more unrestricted Web sites to
25 users of products not having the particular brand .

9. (canceled)

10. (previously presented) The printing device as recited in claim 7, wherein:

the interrogator further comprises a radio frequency identification
5 (RFID) interrogator; and
the component memory further comprises RFID memory.

11. (original) The printing device as recited in claim 7, wherein the replaceable component further comprises a laser printer toner cartridge.

10

12. (original) The printing device as recited in claim 7, wherein the replaceable component further comprises an ink jet printer ink cartridge.

13-20. (canceled)
